**JAPANESE BEER**

**635 & 650 ML**

Japanese beer, while produced in a similar way to other beers, has several distinct characteristics such as the use of rice as, as well, at times of more exotic ingredients. It is also brewed in a way that ensures a generous amount of foam is produced on top of the beer.

**KIRIN ICHIBAN MALT CUVEÉ DE LUXE**

One of “the big four” Japanese beer is loved for its balanced taste with subtle malt sweetness and a crisp, clean finish, and its aroma reminiscent of grains and hops.  
MXP 307.25

**KIRIN LIGHT 95 CALORIES**

Is a Japanese-style light pilsner with a surprisingly smooth and full-bodied taste. With only 95 calories and a surprisingly full-bodied taste, is one of the world's finest light beers.
